Değerli Dostlarımız;

Endüstriyel hikayemiz, 1983 yılında Karaköy mağazamızda, sektöre ve ülkemize duyduğumuz güvenle başladı. Dönemin zor koşullarına rağmen, Mutlusan'ın geleceğine inandık. Koşullar nedeniyle kısıtlı miktarda başlattığımız üretim ve bunu takip eden uzun dönemdeki sabırlı çalışmalarımız ile günümüzde ortaya çıkan büyük Mutlusan ailemizin tohumlarını attık.

Mutlusan ailesi olarak, zorlukları aşmak, yenilikçilik, dürüst ve işinin ehli üreticilik, tüketiciye ve müşterilerimize saygı, yatırım tutkusu gibi konularda ilk günkü heyecanla bugün de devam ediyoruz.

Son yıllarda hızlı bir değişim ve büyüme süreci yaşıyoruz. Yeni yatırımlar, teknolojik yenilenme, kurumsallaşma çalışmaları, yeniden yapılanma, yeni pazarlar ve yeni ürünlerle gelişimimizi sürekli hale getirmeye çalışıyoruz. Şirketimizde durmaksızın büyüme imkânları araştırılarak, verimliliğin artırılmasına yönelik planlamalar yapılıyor. Yenilikçilik desteklenerek, teknolojik altyapı güçlendiriliyor ve insan kaynaklarımızı zenginleştiriyoruz.

Geleneksel değerlerimizi koruyarak değişen dünyaya ayak uydurma başarısını sürekli kılmayı hedefliyoruz.

Küreselleşme sayesinde şirketler, ülkelerinden kilometrelerce uzaktaki, tüketicilere yanı başlarındaymış gibi ulaşabiliyor.

Ürünlerimizde milyonlarca kilometre ötedeki insanlara ulaşarak, onların yaşamlarına değer katmak için çalışıyoruz. Bu bize, Türkiye markası olarak sadece ülkemizi değil, dünyayı da anlamak zorunda olduğumuz mesajını veriyor.

Bu mesaj bize değişim sürecimizi, hem Türkiye hem de dünyadaki ekonomi ve endüstriyel enerji/elektrik sektöründeki gelişmeleri yakından izleyerek yönetmemiz gerektiğini söylüyor.

Mutlusan ailesi olarak, sosyal sorumluluk anlayışımız, eğitim, spor, çevre, sağlık konularındaki gelişme ve iyileşmeleri teşvik eden bir yaklaşımdır. Bu konularda, ilgili sivil toplum kuruluşlarıyla çalışmalarımız devam edecektir.

1983 yılında, bu ülkenin geleceğine güvenerek çıktığımız bu yolda zaman bizleri haklı çıkardı. Bugün 40.000 metrekarelik üretim tesisi ve 600 kişilik çalışan kadromuzla birlikte, bu ülkede doğmuş bir markayı yöneten bizler, hem Türkiye'nin hem de Mutlusan'ın dünyadaki geleceğine inanıyor ve buna güveniyoruz.

Her zaman söylediğimiz ve hayat felsefemiz olan cümleyi tekrar etmek isterim.

"Biz, Çalışırken Mutluyuz..."

Dear Friends,

Our industrial story began with confidence in the sector and our country in our Karaköy Store in 1983. Despite the difficult circumstances, we believed in the future of Mutlusan. We have sowed the seeds of our great Mutlusan family that emerged today with production we started in limited quantities due to the circumstances and our long-term patience.

As the Mutlusan Family, we continue today with the first day's excitement about overcoming challenges, innovating, honest and responsible production, respect for our customers and investment passion.

In recent years we are experiencing a rapid change and growth process. We are trying to make our investments with new investments, technological renewal, institutionalization studies, restructuring, new markets and new products. Our company is constantly searching for growth opportunities and planning to increase its productivity. By supporting innovation, we are strengthening our technological infrastructure and enriching our human resources.

We aim to keep the success of the changing world by sustaining our traditional values.

Thanks to globalization, companies are able to reach their customers as if they were close to customers who are kilometers away.

Reaching out to people thousands of kilometers away in our products, we strive to add value to their lives. This situation get the message to us, We as a Turkey brand have to understand the world as well not only our country.

This message says us; we need to manage our change process by watching closely developments in the both Turkey and the world economic and industrial Energy/ Electricity sector.

As a Mutlusan Family, social responsibility is an approach that promotes improvements and improve-ments in education, sport, environment, health issues. In these matters, we will continue to work with the relevant civil society organizations.

In 1983, we were justified in this way when we came to rely on the future of this country. Today we manage a brand that is born in this country with a 40,000 square meter production facility and 600 employees and believe both Turkey's and the Mutlusan future of the world.

We always say, and I would like to repeat the sentence which is our life philosophy.

"We are Happy at Work"
